

What is Executive Build?

Executive Build 2025 is a premier fundraiser by Habitat for Humanity Seminole-Apopka designed for local CEOs and executives who want to address the pressing issue of affordable housing in Central Florida. Executive Build highlights the transformative power of homeownership with opportunities to build a home for local families; give back to communities; and be part of the solution to advocate for affordable homeownership. This annual build event highlights the impact of leadership in creating positive, lasting change in the community.
